Dear Parents or Guardians:

Please complete the following information regarding the placement of your child for the 2018-2019 school year. We are no longer accepting teacher requests, but are eliciting parent input concerning student academic characteristics related to teaching characteristics. We will use your comments along with the input of your child's current teacher to determine the best placement. Among our considerations will be:

- Teaching styles/student learning styles
- Maintaining an appropriate balance in each classroom
- Class size (to ensure all classes begin the year with an equal number)

Student placement forms for students entering grades K – 4 will be available April 23 - May 4. Placement forms are available at your child's current campus or online at [www.ptisd.org](http://www.ptisd.org). All placement forms must be returned to your child's current campus office.
