

## **School Messenger Telephone/Email/Text Notification System**

---

Pine Tree uses a parent notification system. The School Messenger - Rapid Notification Service allows the school district to send important information quickly via phone, email and/or text. This service allows the district to send a voice and/or email message to ALL of students' parents within minutes, if an emergency occurs at a school. The School Messenger service also assists the schools in reducing the resources needed to pass along key information regarding school events or reminders. The intent of this system is for group notification purposes.

The district uses School Messenger for:

- \*Emergency notification such as evacuations
- \*Early dismissals due to severe weather/emergencies
- \*Early-release day reminders
