

DIRECTORS MESSAGE

Welcome to the Pine Tree ISD Transportation Web page. We are extremely excited for the start of the 2016-2017 school year.

Our mission is to provide safe, timely and efficient transportation for students within our district and we strive to achieve that goal. Within our department we have two staff members that serve as Lead Drivers and are responsible for routing all regular and special program routes.

Since our Drivers are the first and last school representatives that your children deal with every day, we feel a need and responsibility to ensure a safe and positive environment. The men and women that operate our school buses are Certified as a School Bus Driver with the Texas Department of Public Safety. Additionally, they have undergone annual physicals, background checks, random drug/alcohol testing, annual and monthly training, first aid, CPR and routine evaluations of their Motor Vehicle Reports.

We want our students to have a safe environment on the school bus and a positive school experience.

School buses are one of the safest forms of transportation in the world and we have a Shop Foreman and well-trained and competent mechanics that make sure our buses are safe and in good condition when they leave the yard.

On this website I have included the name and phone numbers of my staff as well as a place to search on line for route information. Information concerning Bus Stop Locations, Bus Numbers and Pickup / Drop Off Times can be found by simply typing in your students ID number in the Field Marked "Username" and again in the field marked "Password".

We look forward to serving you for the upcoming school year.

Sincerely,

Jack Irvin
Director of Transportation
Pine Tree ISD
